INDEX TO VOLUME XV

AUTHOR INDEX

PAGE

Amdur, M. K.: An objective sign (Gans-Rodiet) in chronic alcoholism 42

Androp, Serge: Leber's primary optic atrophy with other central nervous system involvement, 215; Electric shock therapy in the psychoses; convulsive and subconvulsive methods 730

Barrera, S. Eugene: The alcohol susceptibility skin test, 224; A study of serum proteins in mental disease, 336; Electroencephalography: its applications in neurology and psychiatry 407

Bennett, A. E.: Curarization with quinine methochloride to prevent traumatic complications of metrazol shock therapy, 351; Artificial fever therapy in general paresis with electroencephalographic studies 750

Benton, Arthur L.: Performance of adult patients on the Bellevue Intelligence Scales and the revised Stanford-Binet 802

Bigelow, N.: Electric shock therapy in State hospital practice..... 450

Blauvelt, Jean: Performance of adult patients on the Bellevue Intelli-telligence Scales and the revised Stanford-Binet 802

Borenstein, Morris V.: The psychophysiological action of beta-erythroidin hydrochloride 163

Bowen, Margaret: Behavior characteristics of schizophrenic children 296

Bradley, Charles: Behavior characteristics of schizophrenic children 296

Brikates, P.: Electric shock therapy in State hospital practice..... 450

Brody, Morris W.: Paranoid and compulsive symptoms associated with oculogyric crises 170

Cameron, D. Ewen: Studies in senile nocturnal delirium..... 47

Carson, William R.: Paranoid reactions in three generations..... 23

Cash, Paul T.: Curarization with quinine methochloride to prevent traumatic complications of metrazol shock therapy, 351; Artificial fever therapy in general paresis with electroencephalographic studies 750

PAGE

Cheney, Clarence O.: Metrazol as an adjunct to the treatment of mental disorders 205

Chittick, Rupert A.: The treatment of agitated and depressed mental states with benzedrine sulfate and sodium amytal 362

Clardy, E. R.: Schizophrenic-like reactions in children 100

Cline, W. B.: A plea for the standardization of records of the pharmacological shock treatment of the psychoses in New York State hospitals 357

Cleckley, Hervey: Some observations on cardiovascular changes in shock therapy 662

Davidoff, Eugene: The sedative action of "delvinal" sodium in disturbed psychiatric patients, 370; Personality and habitus in organic disease 544

Davidson, G. M.: The syndrome of Capgras 513

Dayton, Neil A.: Letter to editor 611

De Natale, Frederick J.: Psychotic manifestations associated with pernicious anemia 143

Despert, J. Louise: Thinking and motility disorder in a schizophrenic child 522

Dorey, John J.: Mapharsen in the treatment of therapeutic benign tertian malaria 790

Egleston, Du Bose, Jr.: Some observations on cardiovascular changes in shock therapy 662

Elliott, Helen E.: Comparison of nonpsychotic women with schizophrenics with respect to body type, signs of autonomic imbalance and menstrual history 17

Fechner, A. H.: The use of curare in modifying metrazol therapy.. 159

Feldman, Sandor: On blushing 249

Ferraro, Armando: Alzheimer's disease 3

PAGE

Foxe, Arthur N.: Psychoanalysis of a case of deafness..... 438

Freed, Herbert: Paranoid and compulsive symptoms associated with oculogyric crises 170

Friedman, Samuel: A note on the occurrence of ruptured duodenal ulcer in two patients previously treated with metrazol..... 380

Ginsberg, S. T.: An objective sign (Gans-Rodiet) in chronic alcoholism 42

Goldensohn, L. N.: Schizophrenic-like reactions in children 100

Goodstone, Gerald L.: Personality and habitus in organic disease.. 544

Gottlieb, Bernhardt S.: Prognosis of hebephrenia, a study of onset and clinical manifestations 54

Gralnick, Alexander: The eye grounds in functional psychoses given insulin shock therapy, 74; The retina and ocular tension during prolonged insulin coma; with autopsy eye-findings 648

Gray, R. W.: The use of curare in modifying metrazol therapy..... 159

Greenfield, Irving: Metrazol shock therapy, report of a case with activation of a latent diabetes 86

Hamilton, Donald M.: Metrazol as an adjunct to the treatment of mental disorders 205

Harris, Meyer M.: A study of the use of curare in metrazol convulsant therapy with some electroencephalographic observations..... 537

Heaver, W. Lynwood: Metrazol as an adjunct to the treatment of mental disorders 205

Helfand, Max: Changes in the vascular pattern of the brain in experimental trauma 33

Herskovitz, Herbert H.: Psychoses in adult mental defectives 574

Hoekstra, Clarence S.: Artificial fever therapy in general paresis with electroencephalographic studies 750

Horwitz, William A.: A study of the use of curare in metrazol convulsant therapy with some electroencephalographic observations..... 537

Hutchings, C. W.: The use of "rabellon" in the treatment of chronic encephalitis 506

PAGE

Jervis, George A.: Alzheimer's disease 3

Jezer, Abraham: The electrocardiogram in metrazol therapy..... 680

Kalinowsky, L.: Electric shock therapy in State hospital practice.... 450

Kant, Otto: Study of a group of recovered schizophrenic patients, 262; The relation of a group of highly-improved schizophrenic patients to one group of completely-recovered and another group of deteriorated patients 779

Karlan, Samuel C.: Alcoholism and hallucinosis..... 64

Kaufman, M. Ralph: Factors in psychotherapy; a psychoanalytic evaluation 117

Kelley, Douglas M.: Intravenous sodium amytal medication as an aid to the Rorschach method, 68; The alcohol susceptibility skin test.. 224

Kilpatrick, O. Arnold: Practical problems arising from tuberculosis surveys in mental hospitals 823

Kondritzer, Albert A.: A study of serum proteins in mental disease.. 336

Levine, Kate: Intravenous sodium amytal medication as an aid to the Rorschach method, 68; Schizophrenic-like reactions in children... 100

Libertson, William: A critical analysis of insulin therapy at Rochester State Hospital 635

Lillian, Katz K.: Intravenous sodium amytal medication as an aid to the Rorschach method 68

Löwenbach, H.: A report on a subconvulsive reaction to electric shock and its sequelae in a normal subject 724

Mayer, William: Notes on the unusual course in certain cases of migraine 571

Mayers, Elisabeth B.: Dynamic-concept test, quantitative modified play technique for adults 621

Mayers, A. Nordeman: Dynamic-concept test, quantitative modified play technique for adults 621

Moore, Clifford D: A note on the occurance of ruptured duodenal ulcer in two patients previously treated with metrazol 380

Myerson, Abraham: The treatment of agitated and depressed mental states with benzedrine sulfate and sodium amytal 362

PAGE

Oberndorf, C. P.: Erroneous recognition (*Fausse Reconnaissance*) .. 316

Pacella, Bernard L.: Electroencephalography: its application in neurology and psychiatry, 407; A study of the use of curare in metrazol convulsant therapy with some electroencephalographic observations 537

Pemberton, William: Intravenous sodium amytal medication as an aid to the Rorschach method 68

Piotrowski, Zygmunt A.: The Rorschach method as a prognostic aid in the insulin shock treatment of schizophrenics 807

Plesset, Marvin R.: Psychoses in adult mental defectives 574

Rainey, H. G.: Paranoid reactions in three generations 23

Reifenstein, Edward C., Jr.: Personality and habitus in organic disease 554

Reimer, Morris D.: Psychoses associated with essential hypertension .. 284

Reznikoff, Leon: Modified Bulgarian belladonna treatment of Parkinsonism 494

Robinson, G. Wilse: Insulin shock therapy in the older patient with schizophrenia or schizophrenic-like reactions 177

Rosen, Samuel R.: The psychophysiological action of beta-erythroidin hydrochloride 163

Rosenbaum, David: Psychosis with Huntington's chorea 93

Sherman, Max A.: Optic nystagmus in schizophrenia 797

Silverman, Daniel: Prognosis in schizophrenia; a study of 271 cases .. 477

Smith, Percy L.: Alcoholics Anonymous 554

Sprague, George S.: The force concept in catatonia, 327; The organic in psychotherapy and psychogenesis 715

Spradling, F. L.: The use of curare in modifying metrazol therapy .. 159

Stainbrook, E. J.: A report on a subconvulsive reaction to electric shock and its sequelae in a normal subject 724

Swire, Howard: Sequelae in posttraumatic psychoses 343

PAGE

Thompson, W. Anderson: Tuberculosis control at Rockland State Hospital 563

Tillim, Sidney J.: Induced hypoglycemia in the management of opiate withdrawal 460

Vyner, Harold L.: Sequelae in posttraumatic psychoses 343

Watkins, C.: A report on a subconvulsive reaction to electric shock and its sequelae in a normal subject 724

Weider, Arthur: Performance of adult patients on the Bellevue Intelligance Scales and the Revised Stanford-Binet 802

Wender, Louis: The electrocardiogram in metrazol therapy 680

Whitehead, Duncan: Mapharsen in the treatment of therapeutic benign tertian malaria 790

Wortis, Herman: Some nutritional aspects of brain metabolism 693

Zeifert, Mark: Results obtained from the administration of 12,000 doses of metrazol to mental patients 772

SUBJECT INDEX

Agitated and depressed mental states, The treatment of, with benzedrine sulfate and sodium amytal 362

Alcoholics Anonymous 554

Alcoholism and hallucinosis 64

Alcoholism, An objective sign (Gans-Rodiet) in chronic 42

Alcohol susceptibility skin test, The 224

Alzheimer's disease 3

Artificial fever therapy in general paresis with electroencephalographic studies 750

Autonomic imbalance, Comparison of nonpsychotic women with schizophrenics with respect to body type, signs of, and menstrual history 17

PAGE

Behavior characteristics of schizophrenic children 296

Bellevue intelligence scales, Performances of adult patients on the, and the revised Stanford-Binet 802

Benzedrine sulfate and sodium amytal, The treatment of agitated and depressed mental states with 362

Beta-erythroidin hydrochloride, The psychophysiological action of 163

Blushing, On 249

Body type, Comparison of nonpsychotic women with schizophrenics with respect to, signs of autonomic imbalance and menstrual history 17

Brain, Changes in the vascular pattern of the, in experimental trauma 33

Brain metabolism, Some nutritional aspects of 693

Bulgarian belladonna treatment, Modified, in the treatment of Parkinsonism 494

Capgras, The syndrome of 513

Cardiovascular changes in shock therapy, Some observations on 662

Catatonia, The force concept in 327

Changes in the vascular pattern of the brain in experimental trauma.. 33

Children, Behavior characteristics of schizophrenic 296

Children, Schizophrenic-like reactions in 100

Chronic alcoholism, An objective sign (Gans-Rodiet) in 42

Chronic encephalitis, The use of "rabellon" in the treatment of 506

Comparison of nonpsychotic women with schizophrenics with respect to body type, signs of autonomic imbalance and menstrual history 17

Compulsive symptoms, Paranoid and, associated with oculogyric crises 170

Control, Tuberculosis, at Rockland State Hospital 563

Critical analysis, A, of insulin therapy at Rochester State Hospital ... 635

Curare, A study of the use of, in metrazol convulsant therapy with some electroencephalographic observations 537

PAGE

Curare, The use of, in modifying metrazol therapy 159

Curarization with quinine methochloride to prevent traumatic complications of metrazol shock therapy 351

Deafness, Psychoanalysis of a case of 438

Delirium, Studies in senile nocturnal 47

"Delvinal" sodium in disturbed psychiatric patients, The sedative action of 370

Duodenal ulcer, ruptured, A note on the occurrence of, in two patients previously treated with metrazol 380

Dynamic-concept test; quantitative modified play technique for adults 621

Editorial comment: Guesses are not statistics, 389; The Peteron Law, 609; Cause or effect? 846

Electric shock and its sequelae in a normal subject, A report on a subconvulsive reaction to 724

Electric shock therapy in State hospital practice 450

Electric shock therapy in the psychoses: convulsive and subconvulsive methods 730

Electrocardiogram, The, in metrazol therapy 680

Electroencephalographic observations, A study of the use of curare in metrazol convulsant therapy with 537

Electroencephalographic studies, Artificial fever therapy in general paresis with 750

Electroencephalography: its applications in neurology and psychiatry 407

Encephalitis, chronic, The use of "rabellon" in the treatment of 506

Erroneous recognition (*Fausse Reconnaissance*) 316

Erythroidin hydrochloride, beta, The psychophysiological action of ... 163

Eye-findings, autopsy, The retina and ocular tension during prolonged insulin coma, with 648

Eye grounds, The, in functional psychoses given insulin shock therapy 74

PAGE

Factors in psychotherapy: a psychoanalytic valuation 117

(*Fausse Reconnaissance*), Erroneous recognition 316

Fever therapy, Artificial, in general paresis with electroencephalographic studies 750

Force concept in catatonia, The 327

Functional psychoses, The eye grounds in, given insulin shock therapy 74

(Gans-Rodiet), An objective sign, in chronic alcoholism 42

General paresis, Artificial fever therapy in, with electroencephalographic studies 750

Habitus, Personality and, in organic disease 544

Hallucinosis, Alcoholism and 64

Hebephrenia, Prognosis of, a study of onset and clinical manifestations 54

Highly-improved schizophrenic patients, The relation of a group of, to one group of completely-recovered and another group of deteriorated patients 779

History, menstrual, Comparison of nonpsychotic women with schizophrenics with respect to body type, signs of autonomic imbalance and 17

Huntington's chorea, Psychosis with 93

Hypertension, Psychoses associated with essential 284

Hypoglycemia, Induced, in the management of opiate withdrawal.... 460

Imbalance, autonomic, Comparison of nonpsychotic women with schizophrenics with respect to body type, signs of, and menstrual history 17

Induced hypoglycemia in the management of opiate withdrawal 460

Insulin coma, prolonged, The retina and ocular tension during; with autopsy eye-findings 648

Insulin shock therapy in the older patient with schizophrenia or schizophrenic-like reaction 177

Insulin shock therapy, The eye grounds in functional psychoses given 74

Insulin shock treatment of schizophrenics, The Rorschach method as a prognostic aid in the 807

PAGE

Insulin therapy at Rochester State Hospital, A critical analysis of 635

Intravenous sodium amytal medication as an aid to the Rorschach method 68

Law, The Peterson, (editorial comment) 609

Leber's primary optic atrophy with other central nervous system involvement 215

Letter to Editor, A 611

Mapharsen in the treatment of therapeutic benign tertian malaria 790

Menstrual history, Comparison of nonpsychotic women with schizophrenics with respect to body type, signs of autonomic imbalance and 17

Mental defectives, adult, Psychoses in 574

Metabolism, brain, Some nutritional aspects of 693

Metrazol, A note on the occurrance of ruptured duodenal ulcer in two patients previously treated with 380

Metrazol as an adjunct to the treatment of mental disorders 205

Metrazol convulsant therapy, A study of the use of curare in, with some electroencephalographic observations 537

Metrazol, Results obtained from the administration of 12,000 doses of, to mental patients 772

Metrazol shock therapy, Curarization with quinine methochloride to prevent traumatic complications of 351

Metrazol shock therapy, report of a case with activation of a latent diabetes 86

Metrazol therapy, The electrocardiogram in 680

Metrazol therapy, The use of curare in modifying 159

Migraine, Notes on theunusual course in certain cases of 571

Modified Bulgarian belladonna treatment of Parkinsonism 494

Motility, Thinking and, disorder in a schizophrenic child 522

PAGE

Neurology and psychiatry, Electroencephalography: its application in 407

News and comment, 199; 398; 615 850

Normal subject, A report on a subconvulsive reaction to electric shock and its sequelae in a 724

Note, A, on the occurrence of ruptured duodenal ulcer in two patients previously treated with metrazol 380

Notes on the unusual course in certain cases of migraine 571

Nutritional aspects, Some, of brain metabolism 693

Objective sign, An, (Gans-Rodiet) in chronic alcoholism 42

Ocular tension, The retina and, during prolonged insulin coma, with autopsy eye findings 648

Oculogyric crises, Paranoid and compulsive symptoms associated with 170

On blushing 249

Opiate withdrawal, Induced hypoglycemia in the management of 460

Optic atrophy, Leber's primary, with other central nervous system involvement 215

Optic nystagmus in schizophrenia 797

Organic disease, Personality and habitus in 544

Organic, The, in psychotherapy and psychogenesis 715

Paranoid and compulsive symptoms associated with oculogyric crises.. 170

Paranoid reactions in three generations 23

Paresis, general, Artificial fever therapy in, with electroencephalographic studies 750

Parkinsonism, Modified Bulgarian belladonna treatment of 494

Performances of adult patients on the Bellevue Intelligence Scales and the revised Stanford-Binet 802

Pernicious anemia, Psychotic manifestations associated with 143

Personality and habitus in organic disease 544

Play technique for adults, Dynamic-concept test: quantitative modified 621

PAGE

Plea, A, for the standardization of records of the pharmacological treatment of the psychoses in New York State hospitals 357

Posttraumatic psychoses, Sequelae in 343

Practical problems arising from tuberculosis surveys in mental hospitals 823

Prognosis in schizophrenia; A study of 271 cases 477

Prognosis of hebephrenia, A study of onset and clinical manifestations 54

Prognostic aid, The Rorschach method as a, in the insulin shock treatment of schizophrenics 807

Proteins, A study of serum, in mental disease 336

Psychiatry, Electroencephalography: its application in, and neurology 407

Psychoanalysis of a case of deafness 438

Psychoanalytic, Factors in psychotherapy: A, evaluation 117

Psychogenesis, The organic in psychotherapy and 715

Psychophysiological action, The, of beta-erythroidin hydrochloride ... 163

Psychoses associated with essential hypertension 284

Psychoses, Electric shock therapy in the,: convulsive and subconvulsive methods 730

Psychoses in adult mental defectives 574

Psychoses, Sequelae in posttraumatic 343

Psychosis with Huntington's chorea 93

Psychotherapy, Factors in,: a psychoanalytic evaluation 117

Psychotic manifestations associated with pernicious anemia 143

Quantitative modified play technique for adults, Dynamic concept test: 621

Quinine methochloride, Curarization with, to prevent traumatic complications of metrazol shock therapy 351

"Rabellon," The use of, in the treatment of chronic encephalitis 506

Reaction, A report on a subconvulsive, to electric shock and its sequelae in a normal subject 724

PAGE

Reactions in children, Schizophrenic-like 100

Recognition, False, (*Fausse Reconnaissance*) 316

Records of the pharmacological shock treatment of the psychoses in the New York State hospitals, A plea for the standardization of.... 357

Relation, The, of a group of highly-improved schizophrenic patients to one group of completely-recovered and another group of deteriorated patients 779

Report, A, on a subconvulsive reaction to electric shock and its sequelae in a normal subject 724

Results obtained from the administration of 12,000 doses of metrazol to mental patients 772

Retina, The; and ocular tension during prolonged insulin coma; with autopsy eye-findings 648

Rochester State Hospital, A critical analysis of insulin therapy at 635

Rockland State Hospital, Tuberculosis control at 563

Rorschach method, Intravenous sodium amytal medication as an aid to the 68

Rorschach method, The, as a prognostic aid in the insulin shock treatment of schizophrenics 807

Ruptured duodenal ulcer, A note on the occurrence of, in two patients previously treated with metrazol 380

Schizophrenia, Optic nystagmus in 797

Schizophrenia or a schizophrenic-like reaction, Insulin shock therapy in the older patient with 177

Schizophrenia, Prognosis in,: a study of 271 cases 477

Schizophrenic children, Behavior characteristics of 296

Schizophrenic child, Thinking and motility disorder in a 522

Schizophrenic-like reactions in children 100

Schizophrenic patients, Study of a group of recovered 262

PAGE

Schizophrenic patients, The relation of a group of highly-improved, to one group of completely-recovered and another group of deteriorated patients 779

Schizophrenics, Comparison of nonpsychotic women with, with respect to body type, signs of autonomic imbalance and menstrual history 17

Schizophrenics, The Rorschach method as a prognostic aid in the insulin shock treatment of 807

Sedative action, The, of "delvinal" sodium in disturbed psychiatric patients 370

Senile nocturnal delirium, Studies in 47

Sequelae in posttraumatic psychoses 343

Serum proteins, A study of, in mental disease 336

Shock therapy, Electric, in State hospital practice 450

Shock therapy, Electric, in the psychoses: convulsive and subconvulsive methods 730

Shock therapy, insulin, in the older patient with schizophrenia or a schizophrenic-like reaction 177

Shock therapy, insulin, The eye grounds in functional psychoses given 74

Shock therapy, Metrazol, report of a case with activation of a latent diabetes 86

Shock therapy, Some observations on cardiovascular changes in 662

Shock treatment, pharmacological, of the psychoses in New York State hospitals, A plea for the standardization of records of 357

Sign, An objective, (Gans-Rodiet) in chronic alcoholism 42

Sodium amytal, Intravenous, medication as an aid to the Rorschach method 68

Sodium amytal, The treatment of agitated and depressed mental states with benzedrine sulfate and 362

Some nutritional aspects of brain metabolism 693

Some observations on cardiovascular changes in shock therapy 662

PAGE

Standardization, A plea for the, of records of the pharmacological shock treatment of the psychoses in New York State hospitals 357

Stanford-Binet, Performances of adult patients on the Bellevue Intelligence Scales and the revised 802

Statistics, Guesses are not (editorial comment) 398

Studies in senile nocturnal delirium 47

Study, A, of serum proteins in mental disease 336

Study, A, of the use of curare in metrazol convulsant therapy with some electroencephalographic observations 537

Study of a group of recovered schizophrenic patients 262

Subconvulsive reaction to electric shock and its sequelae in a normal subject, A report on a 724

Susceptibility skin test, The alcohol 224

Syndrome, The, of Capgras 513

Trauma, experimental, Changes of the vascular pattern of the brain in 33

Traumatice complications of metrazol shock therapy, Curarization with quinine methochloride to prevent 351

Tension, The retina and ocular, during prolonged insulin coma: with autopsy eye-findings 648

Tertian malaria, benign, Mapharsen in the treatment of 790

Test, The alcohol susceptibility skin 224

Thinking and motility disorder in a schizophrenic child 522

Treatment, The, of agitated and depressed mental states with benzedrine sulfate and sodium amytal 362

Tuberculosis control at Rockland State Hospital 563

Tuberculosis surveys in mental hospitals, Practical problems arising from 823

Use, The, of curare in modifying metrazol therapy 159

Use, The, of "rabellon" in the treatment of chronic encephalitis 506

Vascular pattern, Changes in the, of the brain in experimental trauma 33

Withdrawal, opiate, Induced hypoglycemia in the management of 460
